SCAC 758 | Athlete Registration

One Heritage. One Team. One Legacy.

SCAC is building a consent-based registry of athletes in Canada with Saint Lucian roots, to connect them with Saint Lucia's national sport associations. SCAC is a connector only: associations and federations make all selection decisions. Registering does not guarantee a trial, selection, or opportunity. Your information stays in SCAC's registry and is only shared with a federation if you give permission in the consent section. For athletes under 18, a parent or legal guardian must complete the guardian section and give consent before registration can be processed. Do not include passport copies or documents.
